

Watershed Conditions

**Gulf of Mexico Alliance
Nutrient Sources, Fate, & Transport Study
Design Workshop
February 19-21, 2008**

WATERSHED CONDITIONS

- Rain
- Temp
- Wind/tide
- Slope
- Soil types
- Flow

WATERSHED CONDITIONS

- Residence time/flushing rate
- Offshore – inshore interactions

WATERSHED CONDITIONS

- Key species abundance/distribution/health
- Key community abundance/distribution/health
- HAB
- Hypoxia
